

Nomination procedure for the Stuijts and Richard Brook awards

Richard Brook Award:

This award honours Sir Richard Brook, distinguished fellow of ECerS and past editor of the Journal of ECerS, in recognition of all he has contributed to the Society.

This award is given to a ceramist belonging to a country outside Europe for outstanding contribution to ceramic science or technology and for enhancing understanding and collaboration within the international ceramic community.

Stuijts Award:

In memory of Prof. A. Leo Stuijts (1922-1982), who contributed considerably to the development of the science and technology of magneto- and electro-ceramic materials.

This award is given to ceramists belonging to a member country of the Society for outstanding contributions to ceramic science, technology and educational activities or production.

Rules for nomination:

The names of the candidates must be received by the ECerS Secretariat through a letter signed by the representative of the National Ceramic Society suggesting the nomination and containing the merits of the candidate. A short curriculum vitae of the candidate must also be provided.

Faxed, scanned, photocopied, and electronic signatures are all acceptable in lieu of an original signature.

The candidates must not be a native of the Conference host country (or working in that country).

Selection committee

The Richard Brook and Stuijts Awards committee will be created every 2 years by the Council and will be composed of 5 previous Stuijts awarded who will analyze the candidatures received by the secretariat for the Richard Brook and Stuijts Awards and will suggest Awardees to the Council.

The Council will make the final decision of the biennale awards (Richard Brook Award, Stuijts Award, ECerS Young Scientist Award, Gian Nicolas Babini Award) not later than 10 months before the ECerS conference.
